

Coast Study

Reminder for Personal Equipments

Suitable footwear for accessing the coast

- Good coverage of toes and heels, to protect from sharp/angular sand and rocks.
- Recommend wearing socks inside the shoes, to reduce irritation brought by sand.
- Be environmentally friendly. Bring your shoes home for cleaning after use and do not dispose it in the centre.

Rain Boots

Neoprene Boots

Aquashoes

Canvas Shoes

Wading Shoes

Plastic Shoes

Not suitable footwear for accessing the coast

- Loose and unable to fully cover toes and heels, easily washed away by waves and not favourable for walking.

Flip-flops

Clogs

Sandals

Sports Sandals

Hikes Sandal

Shoes Cover

Check List

1. Suitable footwear fulfilling requirements for accessing the coast (compulsory for every student)
2. Spare clothing (underwear, outfits & socks)
3. Plastic bag (for wet clothes & shoes)
